

# UNM – PNM State Mathematics Contest Lecture Series Presents

Bjorn Poonen received the A.B. degree from Harvard, and the Ph.D. degree from the University of California at Berkeley, where he is now Professor of Mathematics.

His main research is in number theory and algebraic geometry, but he has published also in combinatorics and probability.

He wrote problems for the U.S.A. Mathematical Olympiad for 14 years, and has published the book “The William Lowell Putnam Mathematical Competition 1985-2000: Problems, Solutions, and Commentary” with K. Kedlaya and R. Vakil.

## Bjorn Poonen

Professor of Mathematics, University of California, Berkeley

**All are invited to attend the Talk**

**Title: Elliptic curves**

**Saturday, February 4, 2006**

**10:30-11:30 am**

**Northrop Hall Room 122**

(refreshments at 10am at the same place)
