UNM-PNM STATEWIDE MATHEMATICS CONTEST LECTURE

Splendor in the Graphs

Jennifer Beineke
Professor of Mathematics
Western New England University

Graph theory can provide an entertaining analysis of certain games and puzzles. Using elementary results, we will explore brainteasers such as: Dots-and-Boxes, Bridg-It, Paradoxical Pennies, and Perplexing Prisoners.
That should be preparation enough to set us off on a mathematical sort of safari.

Public Lecture in Science and Math Learning Center, Saturday, February 4, 2017, Room 102 at 10am
Refreshments served before lecture. All are welcome.
